PROFESSIONAL PROFILE

Motivated Computer Science undergraduate at the Informatics Institute of Technology (IIT), affiliated with the University of Westminster, with a strong interest in Software Engineering, Cybersecurity, and Artificial Intelligence. Skilled in Python, Java, SQL, HTML, CSS, and JavaScript with experience developing responsive web applications and software projects. Passionate about solving technical problems, learning emerging technologies, and building practical digital solutions. Currently seeking internship opportunities to apply technical knowledge, collaborate with industry professionals, and grow as a technology professional.

EDUCATION

• BSc (Hons) Computer Science, Informatics Institute of Technology (Affiliated with the University of Westminster), 2026–Present (Expected Graduation: 2029)
• Foundation Certificate of Higher Education (Pass), IIT (2025)
• Saylor University Certificate Courses (High Passes) (2026)
• GCE Ordinary Level – 7 As & 2 Bs (2025)

ACADEMIC PROJECTS

The Ocean's Pulse - Ocean Awareness Website (2026): Designed a responsive ocean awareness website using HTML, CSS and JavaScript.

FestConnect - Smart Festival Management System (2026): Designed a smart festival management system

Gundown Game (Python) (2026): Developed a Python game applying OOP, file handling and game logic.

Digital Recipe Book Manager (Python) (2026): Built a menu-driven recipe management application using Python.

PsyCare - Mental Wellbeing Web Application (2026): Developed responsive web pages and user interfaces as part of a team project.

CERTIFICATIONS

• Software Engineering — Saylor University
• Fundamentals of Machine Learning — Saylor University
• Generative AI for Educators with Gemini — Google
• Developing Critical Thinking Mindset
• Pivoting Your Career to User Experience
• Decision-Making Strategies

Languages

- English
- Sinhala

LEADERSHIP & ACTIVITIES

• Leo Club — Active Member (2026–Present)

SKILLS

Programming & Web: Python, Java, SQL, HTML5, CSS3, JavaScript
Developer Tools: Git, GitHub, IntelliJ IDEA, Visual Studio Code, MS Office Suite
Core Competencies: OOP, Data Structures & Algorithms, SDLC, Basic Networking, File Handling, Problem Solving
Languages: English (Fluent), Sinhala (Fluent)
Interests: Software Engineering, Web Development, Artificial Intelligence, Cybersecurity, Internet of Things (IoT)
